

Key Features:

Sense Technology

Integrated load cell technology within the fork for accurate dosing, enhancing consistency and efficiency

Master Mode

Automatically detects and memorizes the weight of your portafilter, allowing it to initiate a single or double shot without manual input

PRO Technology

Detachable grinding chamber so cleaning is simple and easy

EVO Technology

Enhanced burr geometry and an advanced cooling system deliver greater efficiency and effectiveness, enabling rapid and continuous grinding.

Dark-T Burrs

Coated with titanium, aluminum, carbon, and nitrogen to ensure durability

Italian-made quality.

Description:

The F64 EVO PRO Sense is a top-shelf espresso grinder for medium and high-volume businesses offering cutting-edge features to streamline workflow and ensure consistent quality. This grinder's Sense Technology gives real-time grind-by-weight measurement, and it comes with Master Mode for automatic shot detection. On top of that, the PRO detachable chamber allows for hassle-free cleaning, while the EVO technology offers enhanced burr geometry and cooling system for rapid and continuous grinding.

Technical Specifications:

Built-in Scale Precision	0,1g
Dose Adjustment	In grams
Fork	Adjustable, with support
Power	450 watt
Power Supply	110 - 120v - 60Hz
Burr Type	Flat, Dark-T coated in titanium
Burr Diameter	Ø 64mm
Burr Revs	1550/min (60 Hz)
Hopper Capacity	3.3 lbs (1.5kg)
Net Weight	28.6lbs (13kg)
Dimensions (wdh)	9.1 x 26.4 x 10.6in (230 x 670 x 270mm)
Finish	Standard Black / White
Warranty	24-months from date of purchase.
Display	Date & Time, Dose Weight - single, double, triple, & manual, Dose Stats; by day, week & overall total, Grinding Mode, Optional Custom logo
